

LAMIUM Golden Anniversary ('Dellam')

Origin: Selected by English Plantsman Wayne Eady

Species: *Lamium maculatum*

Protection Status: US Plant Patent 11,783; COPF Registered.

Characteristics:

'Golden Anniversary' is a tri-color variegated plant with a gray-green center, green inner margin and a chartreuse-yellow outer margin. The plant is strong growing, spreading yet compact. Plants do not scorch in the summer heat. **'Golden Anniversary'** is well suited for mixed containers, as a perennial edge, or a ground cover. More stable than 'Anne Greenway'.

Hardiness: USDA Zone 4

Bloom: Lavender colored flowers from spring to summer.

Foliage: Tri color variegations of gray-green centers, green inner margins, and chartreuse outer margins.

Habit: Spreading, yet compact and free branching.

Propagation: Cuttings. *License required for propagation.*

Culture: Full sun to partial shade. Tolerant of most soils, avoid over watering.
