Seasonal	Foliage – Year Round
Interests	Flowers – Summer, Fall

 **PlantHaven** Produced under license from PlantHaven®, Inc.
Unlicensed propagation or production prohibited.

- **Spring** foliage has a light green center with bright yellow variegation along the outer edge.
- **Summer** foliage has a darker green center and a golden to creamy yellow outer edge.
- **Fall** foliage color is a combination of green, golden yellow, orange and red.
- **Flowers** are white, slightly fragrant, and produced in abundance from Summer until Fall. Attracts an amazing array of butterflies.
- **Brilliant Red Stems** provide a unique contrast to the bright yellow foliage.
- **Habit** is neat, compact, mounded and requires minimal maintenance.
- **Excellent** when used in small groupings, mass plantings, containers, or anywhere a splash of color is needed. A plant for all seasons.
